Patna, Bihar	Patna Science College
	CGPA: 8.71

Skills

Technical Skills

Java | Python | HTML | CSS | JavaScript | Node.js |
Express.js | SQL | MongoDB | Git | Docker

Soft Skills

Problem-solving | Communication | Adaptability |
Time Management

Projects

Notepad Clone [🔗](#)

- Developed a Java Swing-based text editor with features for creating, opening, saving, and printing text files.
- Integrated text editing functionalities like copy, cut, paste, and select all, along with keyboard shortcuts.
- Designed a user-friendly interface and added an "About" section to display software details.

Flavors of Bharat [🔗](#)

- Designed a responsive restaurant website, "Flavors of Bharat," showcasing Indian cuisines, menu, gallery, and contact details using HTML5, CSS3, and Bootstrap 5.
- Created an interactive menu section with category-based filtering and a visually appealing gallery for showcasing dishes and ambiance.
- Developed a contact page with a functional form and integrated Google Maps to display the restaurant's location.

ATS Resume Analyzer [🔗](#)

- Built an AI-powered web application that evaluates resumes against job descriptions using Google Gemini AI and natural language processing.
- Developed a user-friendly Streamlit interface for uploading resumes, inputting job descriptions, and generating detailed match analyses with missing keywords and skill gaps.
- Integrated PDF parsing with PyPDF2 and secure API key handling using dotenv, enabling exportable, insight-rich reports for job seekers.

Certificates
